

Status Transactions: The “It” Factor in Sign Language Interpreting?

Wing Butler

Dr. Flavia Fleischer

2 - “While a Deaf person may be perfectly capable of achieving success in whatever ways make sense to him, navigating social and physical spaces (that are designed for and by people who hear) to attain that success can be maddening if not exhausting”

Shared Privilege

Generosity:
*Acceptance that one's
awareness has
inaccuracies*

GENEROSITY

Frederick M. Alexander

1 - “We take for granted that one’s awareness of oneself is accurate”

2 - “A person who had been using himself wrongly for a long time could not trust himself”

RECIPROCITY

Keith Johnstone

“Every inflection & movement implies a status and that no action is due to chance or really motiveless”

IT Factor Formula

$$\boxed{H^2} + \boxed{G} \times \boxed{R}$$

Humility² + Generosity x Reciprocity
= Status Agility
